---

Due to the ongoing discussions between Plaintiffs, Federal Defendants (U.S. Forest Service, USFS), and Intervenor-Defendant Kore Mining regarding the sufficiency of the administrative record, and due to the Federal Defendants' agreement to submit additional

documents to include in the record, the parties submit this Joint Stipulation to revise the schedule for summary judgment briefing, and any motion on the record (if the parties cannot reach agreement on the record).

The parties previously proposed a schedule where the Plaintiffs' opening summary judgment motion, and any motion regarding the administrative record, would be filed by February 4, 2022. *See* Joint Status Report, at 4 (Doc. 21). Pursuant to that Joint Status Report, the Plaintiffs and Federal Defendants have been in regular email communication about additional documents that should be included in the record. Although the parties are still in good faith discussion about the documents required to complete the record, the Federal Defendants have agreed to include some documents to the record at this point.

The parties have yet to receive these additional documents (with the associated bates-numbering), and discussions are ongoing regarding additional documents to be included in the completed record. As a result, the final administrative record for this Court's and the parties' review has yet to be submitted.

Accordingly, the parties stipulate and request that the deadlines for briefing on summary judgment, and any motion regarding the administrative record (if the parties are unable to reach an agreement on the record) be revised according to the following schedule. All other provisions of the parties previous Joint Status Report (Doc. 21) would continue to apply.

Defendants' submittal of bates-stamped additional record documents:	Feb. 4, 2022
Plaintiffs' summary judgment motion (40 pages), and motion on the record:	Feb. 21, 2022
USFS and KORE cross-motions for summary judgment (40 pages each) and responses to Plaintiffs' motion on the record (if any):	March 21, 2022
Plaintiffs' combined opposition and reply on summary judgment (replying to both USFS and KORE briefs) (40 pages), and reply on record motion:	April 18, 2022
USFS and KORE replies on summary judgment (20 pages each):	May 9, 2022
Oral Argument on pending motions:	At this Court's earliest convenience.

1 Further, in light of the parties' agreements and this proposed schedule, the parties request  
2 that the Status (Pretrial Scheduling) Conference currently set for February 24, 2022 (Doc. 8) be  
3 vacated.

5 Respectfully submitted, this 28<sup>th</sup> day of January, 2022,
